Feedback from participants in the Town Community / Neighborhood Association

I can go to school without any worries, because any older men/women I know **talk to me** on my way to school. In addition, I look forward to the festival held in my local area every year and go to it with everyone in my family.

F (10 years old)
living in Kita City for 10 years
belonging to the family consisting of the father, mother and old sister.

For the first time since retirement, I managed the event with neighbors. While cooperating, **I was getting to recognize the names/faces and we have become really close.** Therefore, I would like to continue to participate in various activities.

M (66 years old)
living in Kita City for 66 years
belonging to the family consisting of the wife.

Although I tend to forget, I think it would be better to conduct a disaster prevention drill, etc. A little encouragement and checking, etc. help to get moving. **The Town Community / Neighborhood Association has an emergency kit ready,** so I feel safe in case of emergency.

T (34 years old)
living in Kita City for 8 years
belonging to the family consisting of the wife and child (8 years old).

Questions regarding the Town Community / Neighborhood Association

We have collected various questions!

Q.1

What is the Town Community / Neighborhood Association?

It is a voluntary organization established by everyone living in the same local area for the purpose of promoting the creation of a livable community by deepening mutual friendship through various activities such as environmental beautification, anti-crime patrol and management of security lights.

Q.2

What are the benefits of participation?

The Town Community / Neighborhood Association aims to engage in organized activities by considering something together and cooperating in order to improve each local area. As a result of activities, the greatest benefit will be that it will become a safe/secure and livable community. Therefore, the better community will be realized through participation by many residents. We would greatly appreciate your assistance.
